

TEAM ID	PNT2022TMID50064
Project Name	Hazardous area monitoring for industrial plants powered by IOT

The screenshot displays the IBM Cloud Account settings interface. The main content area is titled 'Account settings' and provides details for the user's account, including the account name, ID, type (Trial), and remaining trial days. It promotes an upgrade to a Pay-As-You-Go account or a subscription. The left-hand navigation menu contains links to various account management features. The bottom of the page includes a section for subscription codes and a Windows taskbar at the very bottom.
